

Forst Construction
P.O. Box 156
East Hampton, N.Y. 11937

5/19/08

Mike Forst built a home for me in East Hampton Village. It was a great experience to work with him because he delivered my home on time, within the budget and was a man of his word throughout the entire project. Mike Forst is a true professional and took pride in building me a quality home. He educated me along the way and always made me feel comfortable with important decisions I had to make. I have been in the real estate business for over 17 years and Mike went beyond what builders do for their customers. Without any reservations I highly recommend Forst Construction for anyone who is considering building a home.
